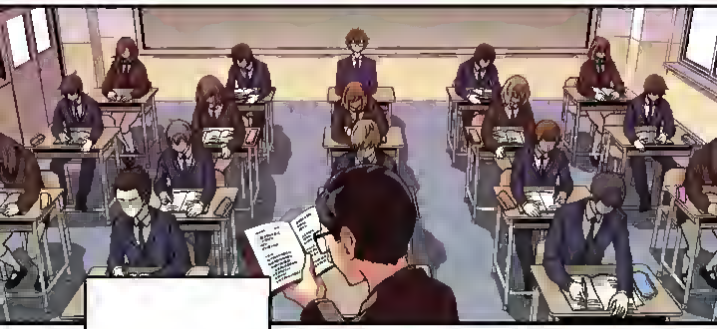
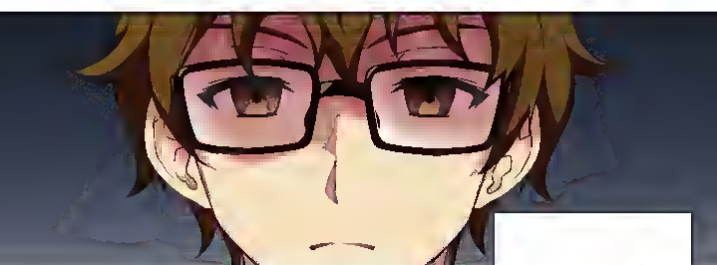
This should have never happened

My life was supposed to be o normol, boring one.

Students hoppy, groduoting, moving on to college... that was what should hove hoppened.



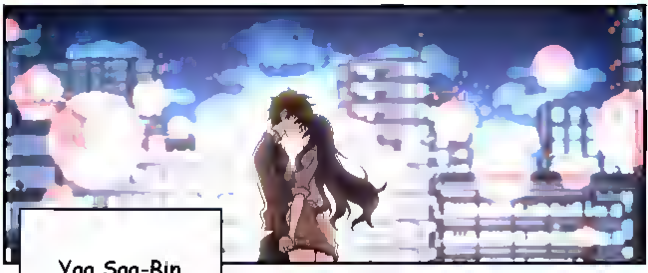
And me, maving anta anather year af teaching peaple, again and again.



My name is Lee Rai-Jin, and this is the tale af my sadness....

My tale would hove been one of hoppiness, if only I was as brave as my love.

If only I was os brave os she wos, instead of letting her fight for the two of us, in this low riddled society...



Yaa Saa-Bin, the lave af my life that I have been searching for... Why did it have ta end this way?

Why did the flames have ta cansume her and everyane else in this god forsak-en planet!!?
